## EYECARE LOZENGES

Item No.: 5449203

More and more people are spending their entire working day in front of a screen, which is challenging for your eyes in the long term. This is why we have developed our eyecare lozenges to support your eye health.

The tablets contain vitamin A, riboflavin (vitamin B2) and zinc, which contribute to the maintenance of normal vision. Further more vitamin A and riboflavin contribute to the maintenance of normal mucous membranes.

A delicious, natural orange aroma rounds off the flavour of the tablets.

### Benefits

- With vitamin A, B2 and zinc – vitamin A, riboflavin and zinc contribute to the maintenance of normal vision
- vitamin A and riboflavin contribute to the maintenance of normal mucous membranes
- Sweet taste thanks to the sugar substitute sorbitol
